GIVES GRAPHIC NARRATIVE OF BLOWING UP OF SHIP

Grand Duke Cyril Tells His Experiences After Russian Cruiser Was Destroyed by a Japanese Floating Mine.

St. Detershing, May 22.-In the current new number of the Russian servhe review. The Army and the Navy? Grand Duke Cyril gives a graphic persomil torrative of the foundering of the buttleship Petropaylovsk, destroy ed by a Jayanese floating mine just ten yours and satside Port Arthur hurbor. The Grand Duke, who was one of the few mit wers writes;

was diers weather on April 13 and our assention was turned on the menual agat which our torpedo bout was brought by the Rayan, which under hot the saved the Strasmus's commander and four of her crew when

Through the might Admiral Makaroff would not bear the thought that there might still be around the spot where the Strashny went down some of her men still struggling against He determined to satisfy himsoil personally. He ordered the Hayan lend the way to the place. Admiral Makarell, with his staff, went over come the Distra at 7 o'clock to the Petropuvlaces, which steamed to the outer readstead. The other buttleablus moted on behind us hat remaininner rosdstead. As we passed out from the narrows we were

Puts Back For Protection

the Bayan signalled that sh sighted the enemy, who forthwith opened fire on her. Makaroff ordered the Petropavlavsk to advance and w answered the enemy's fire. As we adaxeed the Japanese beans to retire but later we saw on the horizon another squadron of the enemy drawing up. As he saw the greatly reinferred freet of the Japanese Admiral Makarof becided to turn back so as in he nears the coast batteries. We atsamed back at high speed. The enemy slowe down as if underided and hesitating.

When we had not within the prtestion of the coast batteries we show oned speed and the crew was allowed to go to dinner. The officers begun little by little to disperse, On the bridge there remained only Makaroff, hip's commander; Capt. Yacov leff, Vice-Admirul Moias, Lieut, Wolf the artist Verestelagin and myself. starts and side of the bridge, Verestchagin was sketching the Japanese squad on and as he worked he spoke of er immpations that he had made. With great assurance be said that he was ally convinced that where he was nothing could happen amiss.

With great auddenness a terrifying explosion burst near us. The buttle- He and other officers rode up to the ship quivered with trightful violence and almost at one a rush of his, surffocusting one came up tile a gust with coormous force and burned my face the ships when they saw the Petropav-All the air was filled with a heavy penetrating smell which seemed to me The Petropayiovsk immediately bestan

the was engulfed. "I whinned down from the tower and

I once threw myself into the water strong wave lifted me and a cur strom and threw me far out from the ship, where I was still whirled 'round and at the same time sucked dows A dreadful noise of water and complete darkness overwhelmed mefelt that I was going straight to death. i made the sign of the cross and began to pray. I remembered all my famly relations and those dear to me. I eemed that my last moment had come for respiration was getting impossible and by panting for breath I was swalowing water and began to choke.

"Instinctively I started moving m ands and leas, and then to my surprice I felt myself rooms toward the corface and the sense of things arounme seemed lighter. I gothered h Streamer was keeping up outside with and energy. Another sharp struggle its Jounese. Then the sad news and I was on the surface of a fairly culm sea. I caught held of a plece of foating wood and noticed that I was at some distance from the Petropa; wak, which continued to settle down Het stern was now standing up nearly certical and her propellers were still

Maintained Strength Till Saved.

n my memory. I saw the floating reof of the battleship's cutter drifting beat me. I let go my plank and seit ed the handrail of the roof. Next I saw swimming past me a midshipman by name Schilppe. I called to him but he did not answer. Later I learned that both his eardrums had been burs by the explosion. Then in the distance I saw a big rowboat, I shouted, out no one heard me. I still had the tope of being saved and did not feel my strength abuting

At last I was seen and a boot from he torpeda boat Gaydamak came up a me. Two sallors had difficulty in ifting me out of the water, for my overcont was sedden with the sea. From the bout I was taken to the deck of the torpedo boat Bezshumns There in the cabin my body was rulesed with vodica. I was given warm lothing and cognoc, and at once they informed my brother Boris, who from the Gotden Hill had seen the entire atastrophe. Later he himself arrived and took me from the torpedo boat e his personal railway train

The news of the perishing of Adniral Makaroff and his officers and nen and the loss of the ship weighed it me as something irreparable. And he death of my best friend. Lieux von Kube, added to this, made here disasters fall on me like blows hat will never be effaced from my

Orderly Breaks News of Disaster.

His brother, Grand Duke Boris, co tibutes his personal narrative of the disaster as he felt it as an onlooker ushore. His orderly awakened him shout dawn to tell him of the cannonde in which the Bayan was engaged. top of the Golden Hill, and rurned their glasses across the harbor. They ad scarcely fixed their attention on lavas's disaster and how she was dainly foundering.

Distracted at the sight and at what he fell was the sure death of his rother, Boris writes that he hastened sick to his train and knelt in front f the Bion that had been given him his younger brother Andre.

"I prayed fervently," he proceeds. Oh, clod, work a miracle and save brother!" Then a ray of hope serred me. And in almost the next mate I saw a midshipman driving a frantic speed to my train. I felt ven before he said. Your prorner of avent." I harried at once to Cyril's side old found him greatly shaken. He say saying to himself. 'Poor Kube,

WEALTHY MEN TO SELL EGGS DE LUXE CHEAP.

New Yorkers Plan to Place a Surplus on Market.

New York, May 22,-"Breaking into he butter and egg business" is a little hapter from real life of John D. Crimmins, Morgan O'Brien, Churles Joel isk. Allan Cores, Charles Cleveland, Ford Johnson, Phoenix Ingraham, 1 Courtney Pundertord, Ira C. Kringle end other financial heavy weights.

One may call at 26 West Fifty-ninth street any time after Monday and see the newest hobby of these men of money. It is a butter and egg market with a side line of farm products. The utter and eggs, together with the farm products, are strictly de luxe in everything but price. They are the everflow from the farms of men who can afford to have hobbles and are sat-

Every egg will be twice certified, nce when at the farm and again at \$10.00 for heating, plumbing and va the market by an egg expert.

AT THE JUNCTION

New Adjunct Will Permit More Extensive Sulphide Mining

At the Junction mine they are mov ing ahead with the installation of an the district, this being in the crushing plant which has been talked of fo ome time as likely of installation a the main delivery shaft of the C. & A mines, as Junction is certain of becom ing, says the Bishee Review, Indeed is already well on the road to that standing for it is now delivering mor than built of the total production seno Douglas smelter. It is doing this work handsomely, and as fast as the notor lines and connections are ex ended it will be found ready to tak on the additional work that is brought Michigan, on the fourteenth day o it. Certain it is that no shaft in the opper world is better prepared for usiness from the physical standpoint or Junction shaft may be pointed to ortal over in copper mining. Also it is ms a finer area of country to draw than has Junction

Crusher Going in July Probably late in June, but possible iot until early in July, the new crushing plant will be going at Junction. I is now all on the ground and assemding has begun. It will handle tw hundred tons the hour and the sul phides will be put through it as they ome from the shaft. Incidentally the crusher will make for the more extensive mining of sulphides, of which C. & A. properties have in the last year very greatly broadened their possession Conveyance from the crusher to the ore cars will be automatic. by dire? belt. Mine pockets and cars are not already to serve the crusher. The skips that will be used have been made and are ready for installment. The plant will give work to an additional for-

at the Junction, not a large one, but permanent new group of men. Its ca acity of 2,400 tons a day will serv he property very well for the present at is likely of enlargement before creat deal of time passes, for Junctio s going to steadily put up more or and more work. By operation of the new plant, the company will be con iderably ahead in ways of economand efficiency in a short time.

MAY PROSECUTE DEALER. Fellows Gives Opinion Regarding Adulterated Sausage Selling.

Lansing, Mich., May 22.-Where meat dealer sells adulterated sausage state, prosecutions may be institted sociation. against the local dealer, as the manuacturers are outside the jurisdiction of the Michigan courts, according to an opinion rendered by Attorney Gen eral Fellows this morning

In Cassopolis, complaint was made sage manufactured by a Chicago packing house, which the inspectors of the state dairy and food department claimed did not come up to specifications The dealer said that he purchased the sausage direct from the Chicago company, but that collections were made by a branch office at Kalamazoo,

The dairy and food department was uncertain whether to start proceedings against the dealer, the Chicago manufacturer or the Michigan agent at Ka-
